

## EXOTIC JUICES

We are the only resort here in the Maldives to have farms dedicated exclusively to us. What this means is that our fresh fruits, vegetables & herbs are no more than 12 hours from being picked or dug from the ground.

With over 46 different fruit suppliers you can be assured you are receiving the freshest, ripest & most extensive fruit juice selection available in the country.

In keeping with our philosophy of providing only the freshest ripest fruits, some of the juices listed below may be unavailable in certain seasons.
