THE TASTING EXPERIENCE OF LOUIS XIII COGNAC

When a drop of Louis XIII cognac reaches the palate, it brings an end to a journey that took centuries in the making.

This exclusive cognac is made of 1,200 different types of Eau De Vie, a clear liquid abstracted from grapes in the South-West region of France through distillation. The purity of Eau De Vie makes it perfect for long-term aging, which is where Louis XIII takes it to extremes.
